

RSA RISK MANAGEMENT MAKING A DIFFERENCE

WE TAKE A CONSULTATIVE APPROACH

WE DON'T DO SURVEYS, WE DO CONSULTATIONS

We deliver our consultative approach through a variety of channels, making sure our customers get the right consultation for them.

Face to face site consultation

Telephone consultation

Online self assessment consultation.

OUR SOLUTIONS ARE TAILORED TO YOUR NEEDS

Every stage of a customer's risk management journey is made to measure. From start to finish, we offer support and guidance to help our customers avoid losses and interruption, helping them to focus on what they do best – running their business.

OUR APPROACH IS FULLY INSURANCE ACT COMPLIANT

- We don't quote subject to survey
- We don't have risk requirements. Instead we identify risk improvements.

RSA ASSIST

- We support customers in carrying out these risk improvements via our dedicated Risk Management advisors.

DISCOVER OUR SERVICES

WE HAVE A RANGE OF TECHNICAL SERVICES THAT INCLUDE:

- RSAred, an award-winning*, web-based application that allows customers to manage risk engineering data in real time, including recommendation tracking, risk profiling and modelling and customer portfolio analysis.
- Property and Liability risk evaluations
- Project reviews
- Sophisticated risk mapping (Geo-Risk) covering flood, crime, arson, storm and subsidence risks
- Health & Safety consultancy
- Near miss, incident and post-loss risk assessments
- Online risk management guides
- RSA eLearn – online risk management training
- Risk bulletins – learning from losses
- Business continuity support
- Accredited IOSH training.

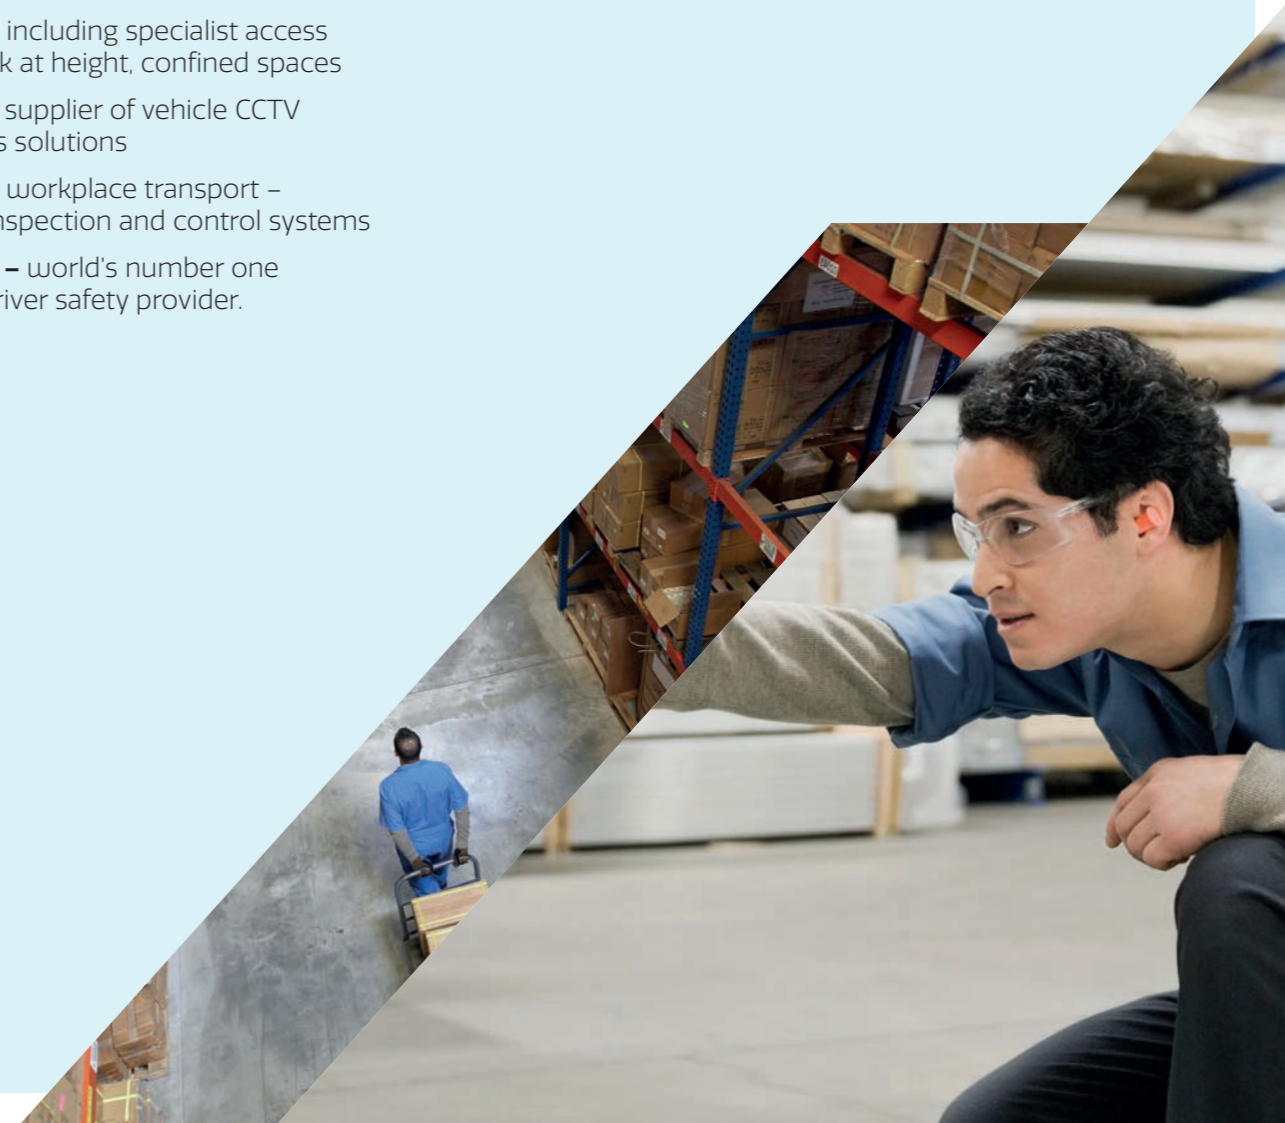

WE'RE WELL CONNECTED

OUR SELECTED EXPERT PARTNERS ARE AVAILABLE TO HELP YOU MANAGE YOUR BUSINESS SAFELY:

- **Bona Systems** – slip risk assessments, floor care, cleaning systems
- **Pristine Condition** – manual handling, specialist training and support
